MCENROE VOICE & DATA AWARDED MITEL'S 2011 GOLD DEALER OF THE YEAR AWARD

HOLLYWOOD, FL -- June 3, 2011 – McEnroe Voice & Data, a leader in Mid-Atlantic telecommunications and networking solutions technology, was on-hand this week at the Mitel Business Partner Conference.

Mitel (Nasdaq: MITL), a global provider of business communications and collaboration software and services, highlighted their new products and technology for more than 1,600 partners and resellers. The major focus was upon Mitel's Freedom architecture, which lays in stark contrast to the close, "walled garden" that has dominated the industry in the past.

Tonight, at the awards banquet, banquet, McEnroe was honored with the *2011 Mitel Gold Partner of the Year*. "The Mitel Gold Partner of the Year has the highest percentage of application sales, and is a leader in their local market," said Mitel CEO Rich McBee.

"Specializing in health care and legal markets, their goal is to offer customers only the highest quality communications solutions available. In fiscal 2011, they achieved the highest percentage of Mitel Application Solution sales." McBee went on to present the award to McEnroe Voice & Data Vice President John Del Monte.

"The entire McEnroe team of sales, service, and operations is who make it possible to receive such awards. At the same time, we know that we must continue to exceed our customers' expectations through our superior service and products," said Del Monte.
